LEAGUE RULES

1. Captains

Teams are responsible for designating a team captain. Captains may delegate responsibilities to another player when necessary. In general captains (i) must be aware of the rules for match play and all changes to those rules as published, (ii) also verify all information entered on score sheet during match play, (iii) help new players become familiar with the rules of match play, and (iv) handle match protests properly, whether filed by or against their team.

2. Sportsmanship

We play darts for many reasons and at many skill levels, but one thing to never lose sight of is that this is just a game. On match night we are all representatives of not only the sport but our team, bar and league as well.

The Island Wide Dart League will not held be held responsible for or tolerate the misuse of the equipment used, player harassment or physical violence. Suspensions and expulsions mandated are swift for violators. **PLAY NICE!!**

3. Personal Conduct

- A. Heckling, antagonizing and bullying opposing players is strictly prohibited.
- B. Harassment with regard to race, gender or any discriminatory action will result in an immediate suspension.
- C. It is the team captain's responsibility to maintain the best order during the match.
- D. Any player caught willfully cheating in any manner will be suspended from the league.
- E. The league requests that all players be of legal drinking age and it assumes no responsibility for players who are under the legal drinking age. If a player is not admitted into a bar because of his/her age, the team captain will have no recourse but to substitute the player, or play short.
- F. You must be 18 years of age to play in the league.

4. Set-Up Requirements

All matches must be played on a 20 point clock-faced bristle dartboard, placed 5 feet 8 inches from the floor to the center bull, with the black 20 wedge place at 12 o'clock. The foul line must be placed 7 feet 9 1/4 inches from the **face** of the board and must be a width of 18 inches from either side of the cork. All wires on the board must be in good condition. The double and triple wires must be within 1/32 of an inch of the normal 3.8 of an inch measurement. The board must be positioned so that it is readily available to the players. It must be well anchored and well lit. The scoreboard must be placed in an area accessible to the shooter at all times.

For bars with dartboards set up with bar stools in front of the throwing line, the area must be cleared while the match is on. Captains of teams in bars with more than one team playing at home on the same night are responsible for keeping the throwing areas as clear as possible. Bars with more than one team playing at home, the bar owner decides which team has board preference.

Pool tables situated near the dartboard must be closed if any team or player thinks it is interfering with the game. The visiting team may file a protest if their request to close the pool table is denied.

5. Match Day and Time

A. Game time is 8:00 P.M. with a grace period of 15 minutes. Matches **should** be underway by 8:15 P.M. A team must have a minimum of 4 players to play a match to avoid forfeiting the night. **A team must have a minimum of three players in the bar to start 401/501 singles.**

B. Line-ups are to be filled out in the blind. The home team captain fills in their '01 singles. After filling out your '01 singles, fold the sheet in half and hand it to the away team captain. Use an envelope to cover your side of the sheet. Teams that are caught looking at the other team's line up before filling out their own will forfeit those games. (not the match) The away team starts the match and play alternates from that point on. Players do not have to be present to have their names inserted into the line-up.

C. If a player/players are not present when his/her game is up, the opposing captain has the option of skipping that game and returning to it when the player/players arrive or calling the game a forfeit and advancing to the next game.

D. Once the line-up is filled out, a player may be substituted in the line-up, the player that is removed will be ineligible to play the remainder of the match. **NO EXCEPTIONS.**

EXAMPLE: If both captains fill out the sheet for singles 401/501 and a captain wants to cross out a player and play someone else in that players spot after both teams have filled in their lineup, the player crossed out cannot play the rest of the night.

E. No player can be substituted in Cricket singles. If a player was entered into cricket singles and cannot play for whatever reason, that game is forfeited and the other team receives that point.

F. Coaching is allowed from any person at the players request only.(**except the score keeper, the scorekeeper cannot tell the shooter what to shoot at**) A player may request where their dart has landed and what score is remaining from the scorekeeper at any time. The scorekeeper **cannot** tell the player what darts to throw.

6. Match Reports/Format

A. Match reports will be on 2-part NCR paper. Both team captains must retain a copy of the report for their records. **The home team captains must e-mail the original white copy and the away team captain e-mails the second sheet (yellow sheet) to dartsheets@gmail.com.** Any team that does not Email their copy will not receive all-star points or match points until both sheets are received by the league.

7. Scoring:

A. Score keeping alternates between both teams throughout the match. **The home team score games the away team start** and **the away teams score the games that the home team start.**

B. To ensure correct scoring and prevent arguments, a player's score must be chalked or called out prior to their darts being removed from the board. If there is a question about the score for that round, the darts will still be in the board to authenticate it. Only the shooter may remove their darts.

C. The score keeper is not to touch any darts in the board. If the scorekeeper touches a dart in the board that dart is considered dead and that players throw is over from said "touched dart".

D. **In 501**, any problems or errors in calling the score must be corrected before **that players** next throw or the points stand as called. **In cricket**, in accordance with the inherent "strategy" involved in the game, corrections in arithmetic must be made before the **next player** throws, if they are not corrected the score written stands.

E. In 501, if you hit your out and throw another dart and it hits a number, it is a bust and score reverts to what was left before you threw round. **NO EXCEPTIONS.**

F. It is the responsibility of the scorekeeper to, at the request of the player, to tell him/her what is scored and what is remaining. The scorekeeper cannot advise the player as to what numbers to throw at in either '01 or cricket.

- 6-Scorekeepers shall not call out the score for each dart thrown
- 7-Scorekeepers shall not show any reaction to the darts being thrown
- 8-Scorekeepers shall not touch any darts in the board.

H. All Electronic scoring devices must have the apps that assist the player turned off during league play. ie: what darts to throw when going for an out in '01 and how many points +/- they have in cricket

7. Rules of Play

A. All games are to be played on ONE (1) board, unless fully agreed upon by BOTH captains. Practicing or shooting on a board next to the matchboard is strictly prohibited during a league match. In the event that a team requests to play on TWO boards for ANY reason and the opposing team refuses, the match will be played on ONE board only. A forfeit will be issued to any team trying to force or bully an opposing team into playing on two boards. If this situation arises CALL THE LEAGUE IMMEDIATELY!!!

B. A team that is short the minimum of 6 players to play a complete match will forfeit games where they are short players.

C. Player's foremost foot must be behind the line. A warning should be given to the shooter that their foot/feet are over the line. If the shooter does not comply, notify the league via e-mail and they will be dealt with (try and take a photo and attach to e-mail)

D. Any dart bouncing off, falling out of the board, shall not be re-thrown. If a player accidentally drops a dart and it falls over the throwing line, it may be picked up thrown

E. If a player throws a dart in anger or the flight falls off, he or she CANNOT re-throw the dart.

F. If a player finds that the throwing conditions are unacceptable due to noise or movement he or she must state this BEFORE throwing, not afterwards.

G. If a dart is thrown and is hanging in the board, the player may run up and save it, but by doing so, he or she forfeits any remaining darts they may be holding.

If a second or third dart is thrown and the hanging dart is knocked out, the dart that fell out does not count.

H. If a dart is thrown, pops out is caught before it hits the ground - it counts as a "good catch". It MAY NOT BE THROWN AGAIN. If you are brave enough to try this - remember the dart league does not pay hospital bills.

I. The game is over when the winning dart is thrown. There will be no all-stars given for darts thrown after the winning dart has been thrown.

J. In cricket, if a player needs 2 bulls to win the match and hits a single bull with their first dart then a double bull with their second dart, the person receives credit for 3 bulls and the all-star points, **ONLY** if the other team's bulls have not been closed. If the other team's bulls are closed you **DO NOT** get credit for 3 bulls.

K. If a team only has 5 players for the match it is permissible for a person to play a doubles match by them self. That person will be at a disadvantage by throwing 3 darts to the other teams 6 darts.

L. For a dart to score, it must remain in the board until that player has retrieved their darts from the board. The tip of the dart must be touching the bristle portion of the board in order for it to count.

M. If a dart lands in to the shaft of another dart it does not count.

N. If a player throws out of turn, the opposing team has the option of either requiring the correct

player to throw or allowing the score to stand. If the score is allowed to stand, the same player must throw the next turn to get play back in correct order, in which their partner has lost their turn.

The fee can be paid through PAYPAL using **“Friends and Family”** to iwdarts@gmail.com account. Failure to do so will result in all points won by that player to be forfeited to the opposing team.

If the opposing team's captain or co-captain is unwilling to reschedule, the team unable to make the match will receive a forfeit. **The team asking to reschedule a match has to agree to the night that the opposing team has chosen or take the forfeit.
